I have a button on the page when clicked retrieves the selected option text. My question is how can I get the selected item from the select without clicking on it? A: There is only way of doing this is through javascript. You can use the change event of the select box with javascript to catch the selected value. These UK based companies have been strategically placed to support the growing Hockland jewellery market. They are working hard to ensure that the UK international marketplace is the hub for jewelers to trade, acquire partners and products. UK based distributor, XG Jewellery, has recently taken the plunge in online retail by moving to the Spree Commerce platform. Online sales have risen up to 20% and are growing in sales each month. Most of their growth is due to customer loyalty with many of their clients coming back for an overview of new product. Read their latest Blog Post: The 5 Obsessions Behind XG Jewellery We are a distributor of high quality, original jewellery. That's why we have 5 fundamental requirements, and the five 3da54e8ca3
