" Anarkali" directed by Vijay Sadanah is a 2015 Malayalam film, comedy. It stars Prithviraj, Kavya Madhavan and Naseer in the lead roles. This film is released on 6 June 2015. The story is about a normal teenager who is set free from the clutches of his over-protective Mother and Father. They are so obsessed that the boy only spends time with them and does not have any friends. It is soon that he realizes how meaningless the life he leads actually is. When he tries to go to college, he is stopped from going by his Father and he is forcibly home-schooled, while his Mother, reveals to him how she was forced into marriage before she got married herself. Her childhood wasn't any better, as she was made to work as a toddler for her father to support her family. She then decides to give away all that she has, and encourage her son to become a doctor. He does not like the idea and vows that he will not become a doctor. The journey will take him to India and back to the US. In the present, a decade later, he tries to get back his present life and soon he finds himself in a romantic relationship with the girl he had liked in college. But, he realizes that he would have never had that relationship, if he had married the girl and had children with her. His past also comes to haunt him. He realises that he married a girl younger than him in his childhood, who today is over 40 years old. He was too much of a coward to realise that his wife was actually older and he too, would have been in the same situation as her.
